# 2024 Sponsorship

Leaders in Refugee & Immigrant Employment in South King County

2024 marks a year of significant milestones for PIE as we grow to over 20 staff with vast languages and lived experiences reflective of our community while also scaling-up employment pathways.

Exciting ventures feature the re-launch of our Café PIE barista program, expanding youth environmental programs, ESL classes, as well as ways for our community and potential partners to engage through new communications, volunteering, and interactive events including our first ever gala, **PIE for the PEOPLE**.

As we enter this exciting new chapter in our journey, we truly hope you'll consider empowering us through a sponsorship amount that is meaningful for your organization.
